

Buffalo Creek Gun Club

Policy for Workday Credits

All BCGC club members who wish to have unlimited access to the Camp Fickes Range must purchase an **Annual Range Access Pass**. The fee for annual range access pass is currently \$150. Half-season range access pass (August – October) is currently \$75.

Club members who perform minimum 8 hour workday for the club (within the current year) will receive \$75 credit per workday to be applied toward the cost of the following year's range access pass. Workday credit(s) can be earned in a number of ways:

- 1. Perform gatekeeper duty on weekend days in April through October
- 2. Working at the range with designated work parties
- 3. Working at a club sponsored event, or sponsoring club regular season matches (the match director is also entitled to an equivalent, complimentary match entry fee)
- 4. Working at guns shows to promote the club and clinics
- 5. Working at home or around town on an approved project for the club which meets the time requirements
- 6. Serving on the Board of Directors
- 7. Club members may present other options for meeting the workday credit to a board member for consideration by the Board

Any club member may elect to purchase an Annual Range Access Fee each year in lieu of workdays.

Any club member wishing to waive the Annual Range Access Pass may still access the range by purchasing a **Daily Range Access Pass** for the dates they wish to use the Camp Fickes Shooting Range. Contact Camp Fickes info@campfickes.com or 720-670-7626 to purchase a daily range access pass.

During year 2010 contact Dabney Crump at dabney@dhcrump.com or 303-324-1084 for gatekeeper opportunities at the range on weekends. Contact a Board member with any questions. See www.bcg.com/club/board.html for names and telephone numbers.
